## SELECTMEN'S REPORT.

The Selectmen submit the following report:—

### ABATEMENTS.

We have refused abatements on property that has remained unchanged on the books without notice or complaint to any board of Selectmen. Applications under this head have been very numerous; in fact it has been a stormy year. We have tried to note all complaints on the books, but may have failed in many instances, and recommend that tax-payers give heed to the requirement to bring in their lists, due notice of which is always given, usually in the month of April. We have endeavored to clear off all the uncollectable rubbish from back lists, except that of 1889, which is in the hands of a lawyer, preferring to show the actual standing of the town rather than to make a specious showing as to the town debt.

### BIRTHS, DEATHS AND MARRIAGES.

We have omitted the printing of the vital statistics, it not being required by law, and being more expensive than all the rest of the report.

### BOARD OF HEALTH.

By decisions reported in 78 Me. 568 and 122 Mass. 268 a public officer to whose office no compensation has been attached cannot recover pay for his services. Such seems to be the condition of the Board of Health, the act (Laws 1887 c 123) making no provision as to payment, except that the municipal officers may appoint a "health officer" and "establish his salary or other compensation" and "regulate and audit all fees and charges of persons employed by each board of health."

Members of the state board are expressly required to serve without pay. (Laws 1885 c. 286.)

We also suggest that the board are not agents of the town, (52 Me. 121) but public officers for whose doings or misdoings the town is not responsible except when expressly so made by statute. The act of 1887 gives the board power to direct the destruction of bedding, etc., that has been exposed to infection, but makes no provision as to payment for articles so destroyed.

### HIGHWAYS.

An increase of land damages in the Shaw's Ridge road case to the amount of \$40, (making \$240 in all) was awarded against us by reason of the county commissioners having neglected to make a set-off, as the selectmen had done, so as to follow the wall through the Moulton field.

We recommend that the town build another large roller for village use and lighter rollers, 8 or 9 feet long, for outside work.

Surveyors should themselves keep account of time worked, and never call, or allow to come on the road, more men and teams than are needed for the work in hand.

There has been sold and turned in toward payment of bills:  
Butter, \$26 60; pork, \$1 89; milk, \$12 12; eggs, \$24 60.

The management of the farm by Mr. and Mrs. John Pinkerton has been clean and very satisfactory. It was necessary in the spring to buy all the potatoes and beans used and planted; this year there will be a large surplus. We have disposed of the last of the unfortunate line of cows and replaced them by two 5-year-olds, one new milch when bought, the other now due to calve in a few days. Mr. Pinkerton has worked out and paid for what horse work could not be done by his horse. There are now on the farm 2 cows, 35 hens, 4 tons of hay, 6 tie chains, 1 manure fork, 4 pitch forks, 1 shovel, 2 cultivators, 1 horse rake, 1 horse work wagon and hay cart for same, 1 harrow, 1 pair ox wheels and cart, 1 hay cart, 2 plows, 1 ox yoke, 1 pair ox muzzles, 1 potatoe hoe, 4 hoes, 2 drag rakes, 1 crowbar, 3 sythes and snaths, 1 bush

scythe, 1 pick, 4 chains, 1 hammer, 1 grind stone, 3 axes, 2 wood saws, 1 hand saw, 1 square, 12 cords wood sawed and stored, 3 cords in woods, 2 wash tubs, 2 wash boards, 1 wringer, 1 ice chest, 225 lbs. salt pork, 40 lbs. fresh pork, 1-3 bbl. pickles, 10 bu. apples, 115 bu. potatoes, 1 bbl. ashes, 2 bu. beets, 1 bbl. carrots, 3 bbls. turnips, 15 lbs. cabbage, 1 bbl. cider, 1 bu. onions, 1 Cooley creamer, 1 churn, 1 cook stove, 1 dining room stove, 1 box stove, 2 bureaus, 2 bed pans 22 chairs, 2 looking glasses, 58 sheets, 76 pillow cases, 19 bed blankets, 20 pillows, 10 straw ticks, 11 feather ticks, 12 iron bedsteads, 10 towels, 4 light stands, 1 clothes horse, 1 invalid air cushion, 4 hand lamps, 1 side lamp, 1 hanging lamp, 1 chopping tray, 2 butter trays, 3 flat irons, 2 table cloths, 1 oil table cloth, 1 extension table, 1 round table, 1 square table, 12 knives and 10 forks, 2 fibre pails, 4 tin pails, 1 clothes basket, 1 sprinkler, 2 lbs. butter, 30 lbs. lard, 3 1-2 bbls. flour, 1 clock, 20 quilts and comforters, 12 desert spoons. 9 tea spoons, 10 lbs. corned beef, 30 lbs. dried apples, 2 1-2 bu. beans, 50 lbs. shorts, 5 bags C S meal, 1 bu. cracked corn, 5-gallon oil can, 15 lbs. tallow, 3 jars, 50 lbs. popping corn, 9 lbs. tobacco, 14 jars preserves, 3 bottles ketchup, 6 empty jars and a fair supply of dishes and cooking utensils.

There are now on the farm, Lizzie Goodwin, aged 68 years; Wm. Morseman, 80; Samuel Porter, 75; Horatio Willard, 60; Horace Willard, 84; B. L. Bragdon, 51; Benj. F. Moranville, 83; Jerry Littlefield, 71; George, Arthur, Lillian and Bertha Berry, (aged 13, 10, 8 and 6 years respectively,) have been on the farm about two months. Ebenezer Thompson died April 27, and Warren Thompson left the farm immediately after.

# Report of the Supervisor of Schools.

FOR YEAR ENDING FEB. 23, 1895.

The Supervisor of Schools respectfully presents the following report:—

The total number of scholars in town, at the last annual enumeration, between the ages of 4 and 21, were 1586.

The whole number of scholars attending school during the spring term were 766; average number, 651. Whole number during fall term, 743; average number, 611. Whole number during the winter term, 660. The Sanford schools still being in session the average cannot be given. In one district, namely, No. 7, the superintending school committee, after the spring term, voted to suspend the school for the remainder of the year, and made arrangements with the town of Alfred for the two or three scholars remaining in this district to attend school in that town. In the remaining districts there have been three terms of ten weeks each, making a total of thirty weeks school for each district, excepting the village schools, where the winter terms were twelve weeks.

The schools in Div. No. 1 have been under the same care and instruction as last year, Mr. F. P. Knight and Miss Harriet Johnson in the high school, Mrs. J. D. Weymouth, grammar school, F. G. Davis and Miss Ella F. Moody the two intermediate schools and Misses May T. Frost and Susie E. Frost have had charge of the primary grades. Each teacher entered upon the year's work with the advantage of being his or her own successor. The schools individually and as a whole have made good advancement during the year. The graduating class from the Springvale high school numbered eight.

In Div. No. 2 the high school has been under the care of Mr. O. Howard Perkins, with Misses Adjutant, Haley and

Mildram as assistants for the spring, fall and winter terms respectively. With an assistant, Mr. Perkins has been able to give more of his time to class work, to the advantage of his school. From this school there was a graduating class of twelve, making a total of twenty to graduate from our two high schools during the year. The grammar grades have been under the care of Miss Nellie O. Littlefield and Miss Augusta W. Mendum, both experienced teachers and very successful in their work. Miss Ellen Tebbetts and Miss Blanche Roberts have had charge of the intermediate schools in this district, and both have excellent results to show for faithful work in this department. The primary teachers, Miss Ina Merrill, Miss Clara Burroughs and Mrs. May L. Richardson, have looked after the interest of the little ones, which in many respects are the most important grades in our schools. Mrs. Flora J. Libby, who had charge of Miss Merrill's school during the spring term, is an experienced teacher and gave excellent results.

The schools in this district have been somewhat broken on account of sickness in the village, thus making the attendance irregular, and otherwise breaking into the regular work of the schools, yet the different departments have made good progress.

#### DISTRICT NO. 3.

The school for the first two terms was under the instruction of Miss Marcia Webber of Kennebunk, an experienced teacher, who taught an excellent school. The winter term was taught by Miss Bertha Perkins, a graduate of the Sanford high school. Miss Perkins worked hard for the success of her school.

#### DISTRICT NO. 4.

Miss Edith Bedell again continued as teacher in this school during the year. The daily work and regular attendance of the scholars show that Miss Bedell is a successful teacher.

#### DISTRICT NO. 5.

Miss Lillian Ridley taught the fall and winter terms of this school, with her usual good success. Miss Ridley is in attend-

ance at the Gorham Normal school, and believes in special training in school work. The winter term was taught by Miss Lillian Villaire. Miss Villaire worked hard for the interest of her school and gave excellent satisfaction.

#### DISTRICT NO. 6.

The three terms were taught by Miss Estelle Thompson, who worked always for the benefit of her school. This school is small but a profitable one to those attending.

#### DISTRICT NO. 7.

At the close of the spring term it was thought advisable to suspend the school in this district for the remainder of the year on account of the size of the school. Miss Perkins, who had charge of the spring term, is an experienced teacher.

#### DISTRICT NO. 8.

The spring term was under the charge of Miss Isabelle Furbush and the fall and winter terms of Miss Daisy M. Ford, both inexperienced teachers, but both worked hard for success in their work and were successful.

#### DISTRICT NO. 9. Miss Etta L. Tebbetts, teacher.

Miss Tebbetts was transferred from Dist. No. 8, and continued in charge of the school during the year, with her usual success.

#### DISTRICT NO. 10.

Miss Maggie Fall, the teacher of the spring term, resigned her school, much to the regret of the committee. Miss Fall was one of our best teachers. The fall and winter terms were under the charge of Miss Mabel Ridley, who shows by experience in the school room that she is a successful teacher.

#### DISTRICT NO. 12.

This school has been under the charge of Miss Nellie Tebbetts, the same teacher who taught the school last year. The scholars and teachers were equally desirous of a good school.

#### DISTRICT NO. 13.

The district was fortunate that the services of Mr. George E. Davis could be secured. Mr. Davis is an excellent teacher.

DISTRICT NO. 16.

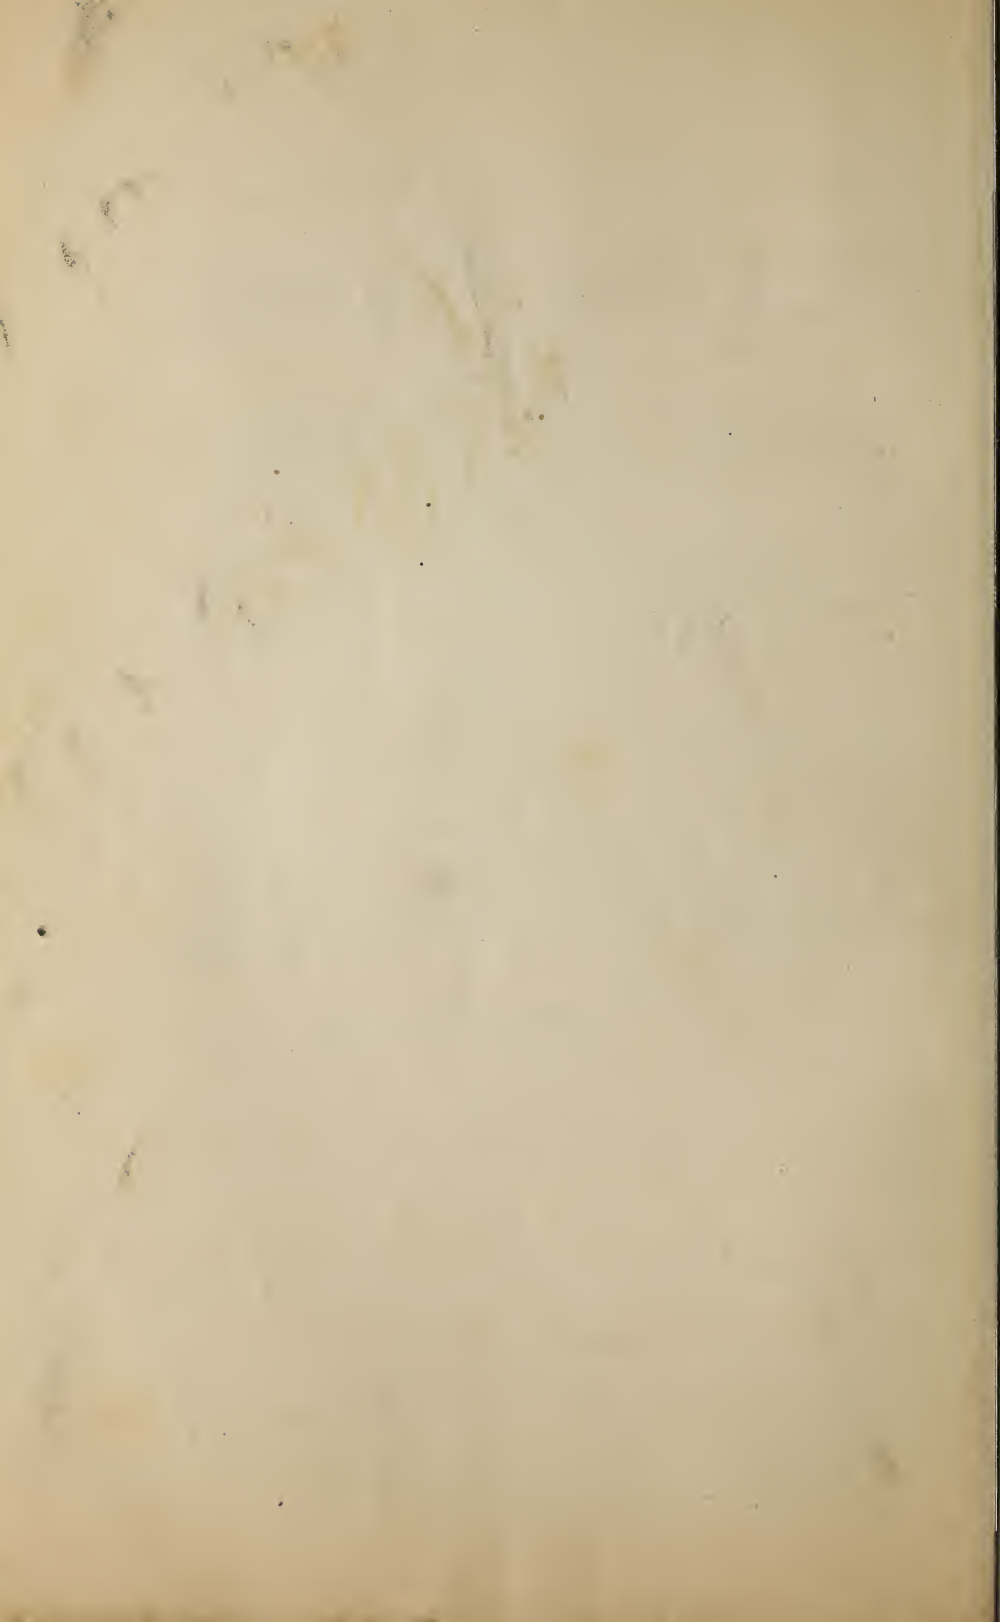

The school in this district is one of the most orderly schools in town, and Miss Hobbs, the teacher, had the confidence of each individual scholar.

DISTRICT NO. 17.

The school in this district, under the care of Miss Lena Harmon, has been a success. The average attendance was good, and the interest shown by some of the pupils marked.

The condition of the schools throughout the town, I have no hesitancy in saying, is good. It has been the endeavor of the Superintending School Committee to give the town the best possible results obtainable. There is no doubt but that the scholars and teachers alike have been annoyed, if not hindered, on account of the school and reference books now in use. As the five year contract for school books expires this present year, it is the desire of the Supervisor, and I am sure of the other members of the committee, that an appropriation be made sufficiently large to enable the town to supply the schools with all necessary books and other apparatus which may be needed. We have made no changes for the sake of a change, preferring to move slowly from the careful manner in which the business of the several districts have been conducted under the old law, preferring an established successful school to any experiment.

GEORGE A. GOODWIN,  
*Supervisor.*
